

LE MASK

For a Home Cinema setting without compromise!
Le Mask is a framed screen with a masking system that allows you to adapt to the diffusion format of your film.

It is compatible for the following formats: 4:3, 16:9 and 1:2,35. The snap buttons on the fabric ensure a perfect flatness of the screen.

2 types of standard fabrics are available:

- Matt white
- Microperf'Oray®

There are 3 different models of Le Mask screen:

- With two horizontal masks
- With two vertical masks
- With two horizontal and two vertical masks

LE MASK WITH TWO HORIZONTAL MASKS

The image base is constant and allows the projection of 3 formats: 4:3, 16:9 and 1:2,35

LE MASK WITH TWO VERTICAL MASKS

The image height is constant and allows the projection of 3 formats: 4:3, 16:9 and 1:2,35

LE MASK WITH TWO HORIZONTAL AND TWO VERTICAL MASKS

The mobile height and base allow the projection of 3 formats: 4:3, 16:9 and 1:2,35
